EXTENSION OF TERM

NOTE:	"Extension of Time in Patent Cases (Supplement Amendments) — If a timely and complete response has been filed after a
	Non-Final Office Action, an extension of time is not required to permit filing and/or entry of an additional amendment
	after expiration of the shortened statutory period.

If a timely response has been filed after a Final Office Action, an extension of time is required to permit filing and/or entry of a Notice of Appeal or filing and/or entry of an additional amendment after expiration of the shortened statutory period unless the timely-filed response placed the application in condition for allowance. Of course, if a Notice of Appeal has been filed within the shortened statutory period, the period has ceased to run." Notice of December 10, 1985 (1061 O.G. 34-35).

NOTE: See 37 C.F.R. 1.645 for extensions of time in interference proceedings, and 37 C.F.R. 1.550(c) for extensions of time in reexamination proceedings.

FEE DEFICIENCY

A duplicate of this transmittal is attached.

If there is a fee deficiency and there is no authorization to charge an account, additional fees are necessary to cover the additional time consumed in making up the original deficiency. If the maximum, six-month period has expired before the deficiency is noted and corrected, the application is held abandoned. In those instances where authorization to charge is included, processing delays are encountered in returning the papers to the PTO Finance Branch in order to apply these charges prior to action on the cases. Authorization to charge the deposit account for any fee deficiency should be checked. See the Notice of April 7, 1986, (1065 O.G. 31-33).

6.	[X] If any additional extension and/or fee is required, charge Account No. <u>04-1105.</u>					
AND/OR						
	[X]	If any additional fee for claims is requ	nired, charge Account No04-1	1105.
